Nagesh Karajagi Orchid College Of Engineering & Technology

Bachelor's of Technology - 7.30 SGPA

Nov 2022 - Nov 2026

S S A Urdu High School & Jr College Of Science Solapur

Higher Secondary Certificate (HSC) – Science - 82.67%

2021

State Board

Sholapur Social Association Urdu High School

Secondary School Education (10th Grade) - 79.20%

2019

PROJECTS

Zomato Insights Dashboard [🔗](#)

Nov 2025 - Nov 2025

- Built an interactive Zomato sales & restaurant insights dashboard using real dataset analysis.
- Cleaned and prepared raw data in Excel and Python for analysis and visualization.
- Designed visualizations in Power BI to highlight trends in customer ratings, restaurant distribution, and cost metrics.
- Performed data exploration to support data-driven insights for food delivery performance and restaurant metrics.

Superstore Retail Performance Analysis [🔗](#)

Nov 2025 - Nov 2025

- Analyzed superstore retail sales data to evaluate performance across products, regions, and time periods.
- Cleaned and aggregated datasets using Excel and Power BI data modeling.
- Developed an interactive dashboard to visualize KPIs such as total sales, profit margins, category performance, and shipment trends.
- Extracted insights to support strategic decisions for inventory, sales focus, and regional growth.

HR Dashboard [🔗](#)

Nov 2025 - Nov 2025

- Created an HR analytics dashboard to visualize employee data including attrition, performance, and workforce distribution.
- Conducted data cleaning and transformation using Excel to standardize HR metrics.
- Built comprehensive data visualizations in Power BI to track turnover, promotion eligibility, and employee demographics.
- Supported interpretation of HR trends for workforce planning and organizational insights.
